

STAL-SERVICE share sale finalised

Warsaw, 30.10.2020 - PORR S.A. concluded the final agreement for selling 100% of shares in STAL-SERVICE Sp. z o.o. (whereas 80% of them belonged to PORR and 20% to Modzelewski & Rodek) to CELSA Huta Ostrowiec Sp. z o.o. The agreement was finalised upon receipt of UOKiK's required consent.

STAL-SERVICE started its business of producing construction reinforcements and the treatment of reinforcement steel in 1998. At that time, it was the first production plant of that kind in Poland with a production rate of ca. 1,500 tonnes of reinforcements per month. For 22 years it implemented such projects as the Warsaw Financial Center, InterContinental Hotel in Warsaw and the shopping centres: Stary Browar in Poznań, Arkady Wrocławskie in Wrocław, Złote Tarasy in Warsaw.

Currently, STAL-SERVICE is one of the industry's leaders and the company's production capacity constantly rises on account of its state-of-the-art and fully computerised production lines and highly efficient performance. STAL-SERVICE's production plant manufactures ca. 90,000 tonnes of construction reinforcements and 10,000 tonnes of prefabricated spatial elements which are delivered to domestic and foreign markets (i.a. Sweden, the Czech Republic, Norway).

CELSA Huta Ostrowiec manufactures long and forged steel products. It belongs to the CELSA Group, Spain's biggest steel producer.
